Cultural landscape pictures analysis

Go to https://geoguessr.com/famous-places
Start the game and answer the following questions before trying to determine where in the world this place is. You may walk around and explore the place if you want to know more about the location. Examine items in the landscape like languages, architecture, types of vehicles, physical geography, famous landmarks or even what side of the road do they drive. You might not be able to answer each question for each location. If you cannot answer the question, then state why not. Go to at least three places. If you get a pure physical geography place, then just skip to another place.

1. What do these photos reveal about the local culture? Is it mostly popular or are unique to the area? Is there an ethnic identity? Is there more than one? What is the evidence? Think ESPN
