Geographically Yours
Chief Reader Don Zeigler

Dear Readers,

Welcome to the 2017 Reading in AP Human Geography. It is a privilege to have you here. Readers make the Reading happen. By the end of Day 7, we will have collectively scored answers to over 603,000 free response questions. And, we will have done so accurately and consistently, always in tune with our motto: “We love rubrics!” Many of us think of the Reading as the best professional development experience of the year. I hope you, too, find that to be true.

From Zeigler, page 1…Please learn as much as you can from the scheduled professional development activities, but also take advantage of the incredible richness of ideas that your tablemates and newfound friends have to offer.

This is our eighth year in Cincinnati, our eighth year on Fountain Square, our eighth year in Graeter’s territory. While you are here, find time to learn some geography the right way, by exploring the world—in this case the urban world. You should go home with new case studies, examples, and visual images for teaching about “Cities and Urban Land Use.” By being a Reader, you will become an even better teacher.

Again, for all your hard work, we say a hearty thank you.
